Premidoor 88 - PVCU Lift and Slide Door

Performance
Result

1.2

Door 'U' Value

Based on Two Pane door
double glazed with
1.1 centre pane glass

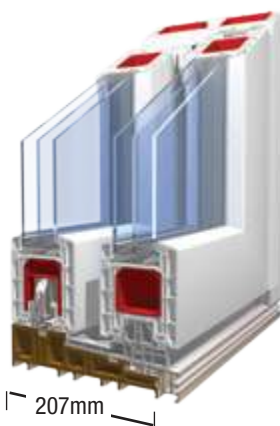

A 'sliding' door of exceptional size for maximum viewing area and maximum weather performance

With sash sizes up to 3m wide and 2.5m high and smooth operation assured by lowering the rollers to lift the door off its seals, the high performance is achieved.

Manufactured to a high standard in a 207mm Kömmerling profile with internal glazing. Available in standard White profile or enhanced by Mahogany, Golden Oak and a choice of four Greys.

Standard Specification:

- 207mm profile depth with internal beads
- 103mm meeting style
- Black gaskets
- Stainless steel rollers on stainless steel track
- Glazing - 28mm sealed units - 6mm toughened Planitherm Ultra N - Black warm edge spacer and Argon
- Internal handle will be white on white profiles and dark brown on mahogany or golden oak
